Gift Reference 153808

Dear Chris,

It was nice to speak to you the other day. On behalf of the patients, their families and the staff here at Bury Hospice, I would like to express our gratitude for your very generous donation of £2,879. It seems the onsite team Bob Sharpe, Dene Holland, Dave Robinson and Anthony Jaskolski worked very hard to raise the £1,439.50 which was then matched by Marshall Construction.

If I could ask you to pass on our thanks to the local team for nominating us and for their hard work in raising the money and to everyone who agreed the match funding, it was a lovely surprise when I returned after Christmas, thank you all.

Bury Hospice needs £2.2m a year to maintain our service, caring for our patients and their families at a very difficult time in life. Your gift will go directly to support them and will help us to provide for their needs and make them as comfortable as we possibly can. From the £2.2m we only receive 18% from the NHS so the rest we have to raise, your gift is essential for us to continue to care.

Yours sincerely

Dear Mr Ker

Like you, people are at the heart of everything we strive for. With your support, we can take the fight to Dementia – together. A huge thanks to all the amazing people at Marshall Construction Ltd who have, today, shown that, when we work together, we can achieve such amazing things. We are all united against dementia. Thank you for partnering with us and investing in our cause with a generous donation of £2,879.00. Please pass on a special thanks to Bob Sharp, Dene Holland, Dave Robinson and Anthony Jaskolski for their fantastic fundraising. We will ensure that we make every penny count to drive our crucial work.

Dementia devastates lives. By 2021, 1 million people will be living with the condition. But dementia won't win. Until the day we find a cure, Alzheimer's Society will be here for anyone affected by dementia – wherever they are, whatever they're going through. Everything we do is informed and inspired by them.

We'll make sure that your donation is put to good use, whether it's spent on campaigning activity to stand up for people with dementia, funding research to develop a cure, or delivering vital services across the UK; it's going to make a huge difference.

Just one of the vital services we provide is Side by Side where we focus on the individual needs and personalities of people with dementia, allowing them to continue doing their favourite activities and making sure people living with dementia don't feel alone.

'After a whole year of not going out, I now can't imagine staying indoors.' – Val, living with dementia, using Side by Side

We're taking on dementia to put a stop to it, any way we can.

Once again, thank you. With your help we hope to one day win the battle against dementia.

Yours sincerely

Saul Scarry

Dear Mr Ker,

On behalf of everybody at the Laura Crane Youth Cancer Trust, I would like to thank you and your subcontractors for your generous donation of £2,879.00. Half of which was raised by the subcontractors donating scrap metal into the designated skips on site which was then matched by your company.

The Laura Crane Youth Cancer Trust (LCYCT) is a local charity with national reach that supports 13 – 24 year olds fighting cancer, through funding research specifically into cancers that affect that age group, and providing support mechanisms to improve their quality of life and reinforce their fight.

Cancers in teenagers and young adults come in many forms and can behave differently, often striking in rarer, more complex and dangerous forms. Research means we have a better understanding leading to improved chances for young patients of beating cancer.

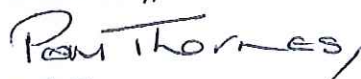

The LCYCT funds projects to improve the environments in which young cancer patients are treated, along with staff and recreational equipment and activities, giving young people the support they need to stay strong and ensure no young person has to fight cancer alone.

The survival and support for young cancer patients has really improved in the last 20 years. We still have more to achieve, and with your help we can continue and increase the impact we can have on the lives on young cancer patients.

We may always face the fight against cancer, but with continued improvements in diagnosis and treatment and with improved health awareness and support for young cancer patients; one day we hope to win every single battle.

Your support for our work is greatly appreciated.

Yours sincerely,

Pamela Thornes
Trust Manager
